Notes:

⇒ Unless otherwise noted above, each license/permit applicant or license/permit holder must possess two certificates (cards), one for the appropriate First Aid course and one for the appropriate CPR/BLS course.

⇒ It is the responsibility of the course provider to contact Utah State Parks and Recreation to request a review of their respective First Aid and/or CPR courses. In some cases, this responsibility may fall upon the course sponsor, the outfitting company sponsoring the license/permit applicant, or the applicant.

⇒ First Aid and/or CPR courses completed online must meet the requirements listed below and receive approval by Utah State Parks and Recreation prior to making an appointment for a license or permit.

⇒ For Captain's/Guides License:

R651-206-3(3)(e)(i): The first aid certificate must be issued for an American Red Cross "Emergency Response" course or equivalent course from a reputable provider whose curriculum is in accordance with the USDOT First Responder Guidelines or the Wilderness Medical Society Guidelines for First Responder.

R651-206-3(3)(e)(ii): The CPR certificate must be issued for an American Red Cross, American Heart Association, American Safety & Health Institute, National Safety Council CPR or BLS course, or an equivalent course from a reputable provider whose curriculum is in accordance with the 2005 Consensus on Science for Cardiopulmonary Resuscitation (CPR) and Emergency Cardiovascular Care (ECC).

⇒ For Boat Crew Permits:

R651-206-3(5)(e)(i): The first aid certificate must be issued for an American Red Cross "Standard" or "Basic" first aid course, or an equivalent course from a reputable provider.

R651-206-3(5)(e)(ii): The CPR certificate must be issued for an American Red Cross, American Heart Association, American Safety & Health Institute, National Safety Council CPR or VLS course, or an equivalent course from a reputable provider whose curriculum is in accordance with the 2005 Consensus on Science for Cardiopulmonary Resuscitation (CPR) and Emergency Cardiovascular Care (ECC).

⇒ First Aid and CPR certificates must include the following information: name, or title of the course; course provider; length of certification; name of the person certified and legible name of the course instructor.

⇒ Information for First Aid and CPR courses must be submitted to Utah State Parks and Recreation for an acceptance review a minimum of once every ten (10) years.

⇒ The following information must be submitted to Utah State Parks and Recreation for review of a First Aid and CPR courses whether they be class room or online:

Name or title of the course;

Course provider and necessary contact information;

List of the required text book(s);

Course curriculum. This may include course content, course outline and/or course syllabus;

Successful course completion requirements, i.e., skills assessments, and minimum passing score on the course exam;

Length of course, including attendance requirements;

Length of original certification period;

Re-certification requirements; and,

A sample course completion certificate (card).
