**1. Visitation methodologies changed in 2005**

**2. For Escalante between Feb. 2009 and May 2011, due to no vehicle counter as a result of ongoing construction projects, visitation numbers represent estimates based on 5-year averages, area visitation trends, and other known visitation data.**

**3. Note that Wasatch Mountain State Park visitation figures may be incomplete for the most recent month(s). They will be updated in the subsequent months' report, or when updated figures are available.**

**4. Blank fields indicate that visitation data has not yet been compiled for this park. Please contact the Utah State Parks planning section if you wish to receive these numbers as they become available.**

**4. Note that Monte Cristo State Recreation Area has been added to the visitation spreadsheet, with 10,190 snowmobile users for the 2010-2011 winter.**
