Play Rounders

This early form of baseball, uses homemade bats, hand sewn balls and no mitts.

The rules allow for a wild game with every hit ball being fair, but can be caught on the fly or 1 bounce for an out. Runners run to the next base trying to escape being tagged or pelted out. Every player has to get out before the inning is over.

This game is crazy-fun for young and not so young, skilled and unskilled players alike.
